# Combining DLSS and DLMS Manuals

# Combining DLSS and DLMS Manuals

- Background:
  - DLSS/DLMS procedures are covered by multiple sets of manuals
  - DoD 4140.1-R mandated move to DLMS procedures
  - DoD Components are migrating to the DLMS
  - DLA Logistics Management Standards no longer has the resources to maintain separate sets of DLSS and DLMS manuals
    - ✓ Current process of maintaining two sets of publications, which contain essentially the same information for the different formats, is resource intensive, duplicative in nature, and no longer practical
    - ✓ DLA Logistics Standards Management is moving towards combining DLSS manuals with DLMS manual
